A full copy of the insurers' policy wording, terms and conditions is available upon request. Please note full disclosure of all material facts should be made including medical history and claims. Failure to disclose all relevant information could result in your policy being cancelled, claims not being paid, difficulty in getting insurance elsewhere and in the case of property insurance, failure to have property insurance in place could lead to a breach of the terms and conditions attaching to any loan secured on the property.

Policy Documents

Following inception of cover, a policy document will be issued to you. This document will set out in detail the conditions applicable, operative endorsements, terms, conditions, exceptions and warranties of the policy. At all times, you can request a paper copy of the document to be sent to your home address and we will issue this to you within 5 days of your request.

Cooling OFF Period

A consumer (as defined by SI No 853 of 2004) has the right to withdraw from a non-life insurance policy (as defined under SI No 853 of 2004) within 14 days of the start date of the policy (except in the case of travel policies whose operative period is for one month or less) without penalty and without giving any reason. For life insurance products, this period is 30 days from the start date of your policy. This is known as the cooling off period. The right of withdrawal may be exercised by notice in writing to Campion Insurance Ltd quoting your policy number provided that no claim or adjustment has been made or is intended to be made or no incident has occurred which is likely to give rise to a claim or for travel policies. Should this right be exercised the insurance company may charge for the period you are on cover. For motor insurance, the insurance certificate and disc must be received by Campion Insurance Ltd before the policy can be cancelled. Please note that the policy administration charge/fee is non-refundable if you choose to withdraw from the policy within the cooling off period.

With regard to New business and Renewal

- Arising from the provisions of the Consumer Insurance Contracts Act 2019 where a consumer's entitlement to cancel a contract of insurance is not governed by the European Union (Insurance and Reinsurance) Regulations 2015 (S.I. No. 485 of 2015) or the European Communities (Distance marketing of Consumer Financial Services) Regulations 2004 (S.I. No. 853 of 2004) a consumer may cancel a contract of insurance, by giving notice in writing to the insurer, within 14 working days after the date the consumer was informed that the contract is concluded. The insurer cannot impose any

costs on the consumer other than the cost of the premium for the period of cover. This does not affect the notice periods provided under the Distance Marketing Regulations (30 days/14 days in respect of life/general policies respectively).

- The consumer is under a duty to pay their premium within a reasonable time, or otherwise in accordance with the terms of the contract of insurance.
- A court of competent jurisdiction can reduce the pay-out to the consumer where they are in breach of their duties under the Act, in proportion to the breach involved.

Duty of Disclosure by You

You have a duty of disclosure to provide all information (e.g. are all previous claims disclosed, accidents, incidents, convictions, license endorsements, un-occupancy of a property, medical history, lifestyle questions on assurance proposal forms, change in circumstances etc.) material to the risks being insured. This means any information that would influence a decision by an insurer whether to accept a risk and if so, on what premium and terms. In the event of non-disclosure an insurer has the right to cancel your insurance from inception and claims under your policy may not be met. Failure to make full disclosure may also cause difficulty for you trying to purchase insurance elsewhere. If you are in any doubt as to whether or not information is material, then it should be disclosed.

It is therefore in your best interests that you review, on a regular basis, the products which we have arranged for you. As your circumstances change your needs will change. You must advise us of these changes and request a review of the relevant policy so that we can ensure that you are provided with the up to date advice and products best suited to your needs. Failure to contact us in relation to changes in your circumstances or failure to request a review, may result in you having insufficient cover, or inappropriate investments.

Conflicts of Interest

It is our policy to avoid situations where there is a conflict of interest. Should such a situation arise or could be perceived to arise we will declare it as soon as is practicable to do so. Where an unavoidable conflict of interest arises, we will advise you of the fact, in writing, before providing any business service. If you have not been advised of any such conflict of interest you may assume that none arises. From time to time, we have agreements with insurers for the provision of goods or services in connection with specific product development, training and promotion. All such arrangements are reviewed to ensure that they do not conflict with our customers best interests in accordance with our obligations under the Consumer Protection Code.

Remuneration

We are remunerated by both commission and/or fees. Please note that these fees are non-refundable. We may also be remunerated by way of override payments from certain product providers. Customers also have the option of paying solely by fee if so desired. In this instance, the amount of any commission received will be deducted from the fee. We will disclose the non-life commission payable from the insurance company upon request. The actual fee amount charged will be shown separately on our quotation and invoice documentation or another durable medium.

If charges cannot be ascertained in advance, we will notify you that these will be levied as part of the transaction.

In the event of advice being offered or services provided to clients for which we are not remunerated by commission in the normal way from insurance companies, we would agree a fee in advance of the provision of service.

Third Party Charges

We may source your insurance requirements through a managing agent/wholesale broker who may charge for their services. Such charges will be disclosed on your invoice, policy document or renewal notice.

Sustainability Disclosure Financial Regulations

We do not currently consider sustainability risks such as environmental, social, and governance when providing advice on which Insurance Based Investment Product (IBIP) and/or Pension Product is most suitable to meet your needs. The Provider's documentation will set out if and how they consider such factors. We will review this position on an annual basis and update accordingly.

Default and/or Cancellation

You, the customer can cancel your policy at any time by giving notice in writing subject to the terms and conditions of the applicable policy. If you cancel your policy outside the cooling off period short term rates or minimum and deposit premiums may apply. We also reserve the right to instigate cancellation in the event of the following:

- Your non-payment of the premium due at inception, renewal or following an alteration;
- Your bank returns your cheque due to insufficient funds or any other reason;
- Direct Debit default;
- Non-disclosure of relevant information;
- Provision of incorrect or inaccurate information;
- Non-return of necessary documentation within the required timeframe;
- In respect of policies financed through a credit agreement with premium finance companies please note that your insurance company will begin cancellation proceedings once the second default occurs and your policy will be cancelled 10 days after the date of the second default;
- Product producers may withdraw benefits or cover too in the event of default on payments due under policies of insurance or other products arranged by you. We would refer you to policy documents or product terms for the details of such provisions;
- Mortgage lenders may seek early repayment of a loan and interest if you default on your repayments. Your home is at risk if you do not maintain your agreed repayments.

Our firm reserves the right to exercise its legal rights to receive payments due to it for business services provided.

Handling Client Money

We accept payments in cash, by cheque/bank draft, credit/debit cards or electronic bank transfer in respect of all classes of insurances where an insurer/product provider has invited renewal of a policy or accepted a proposal for insurance. We cannot accept cash or negotiable instruments in any other circumstances. For certain Insurance and Investment products we may request that all payments are made payable to the provider of the product in question. Before your money is paid over to the relevant insurer/product provider it will be held in a designated Client Premium Account.

A receipt will be issued for all monies paid and you should keep these in a safe place. Customers must pay at inception date of a contract or on or before renewal date, or as invoiced in the case of mid-term alterations. We cannot pay a premium where the customer has not paid us. Product providers may cancel cover where a customer has failed to meet their obligations in relation to payment terms and conditions.

Once a premium is paid to us and you have been provided with a receipt, these monies are deemed to have been paid to the insurer/product providers in question which gives comfort to our customers.

Return Premiums

We will refund any rebate that becomes due to you within 5 business days of receiving it or having been notified by the insurer that it is due to you. Any rebate due to you will be paid in full and any charges will not be deducted without your prior written agreement in each case.

Where the premium rebate is €10 or less we will offer you the choice of:

- (a) Receiving the premium rebate;

- (c) Campion Insurances Limited making a donation of the rebate amount to a registered charity.

- If, in respect of the insurance contract the insurer is not obliged to pay the full claim settlement amount until any repair, replacement or reinstatement work has been completed and specified documents for the work have been furnished to the insurer, the claim settlement deferment amount cannot exceed:
 - 5% of the claim settlement amount where the claim settlement amount is less than €40,000, or:
 - 10% of the claim settlement amount where the claim settlement amount is more than €40,000.
- An insurer may refuse a claim made by a consumer under a contract of insurance where there is a change in the risk insured, including as described in an "alteration of risk" clause, and the circumstances have so changed that it has effectively changed the risk to one which the insurer has not agreed to cover.
- Any clause in a contract of insurance that refers to a "material change" will be interpreted as being a change that takes the risk outside what was in the reasonable contemplation of the contracting parties when the contract was concluded.
- The consumer must cooperate with the insurer in an investigation of insured events including responding to reasonable requests for information in an honest and reasonably careful manner and must notify the insurer of the occurrence of an insured event in a reasonable time.

Where an insurer becomes aware that a consumer has made a fraudulent claim, they must notify the consumer advising that they are avoiding the contract of insurance.
