- not to be subject to a decision based on automated processing, including profiling which has legal or similar significant affects except as set out in Section 8 above.

There are some circumstances where these rights cannot be exercised, such as when the processing of Your data is necessary to comply with a legal obligation or for the exercise or defence of legal claims. If You wish to exercise any of these rights please contact Us using the details in Section 11 below. We will respond to Your request in writing, or orally if requested, as soon as We can and in any event within one month of Your request. In exceptional cases, We may extend this period by two months, and if We do this We will tell You why. We may request proof of identification to verify Your request.

10. Consequences of Failure to Provide Information

If We cannot collect or process Your data, We may not be able to provide You with, or administer, Your insurance policy or deal with a claim.

If We ask for information and You do not wish to give it to us, or if You wish to withdraw consent to the use of Your personal data, We will explain the consequences based on the specific information concerned including whether it is a legal or contractual requirement that We use such data. 3. Your right to a cooling-off period

6. Following an incident

You must immediately do whatever You can to protect Your Property. You (or Your legal representative) must give Us full details as soon as reasonably possible. If a delay in notifying an event prejudices Our ability to investigate a claim or increases the cost of the claim, We may refuse to pay for any loss or damage. Sometimes, We will need further details in writing, such as the completion of an Accident Report Form. We may refuse to provide cover to You where You have failed to comply with the timeline above and where such failure to comply has subjected Us to undue prejudice. Immediate notification of the claim within 24 hours will allow Us to better control costs, decide on liability and protect Our joint interests. If a liability claim is made against any person covered by this policy, do not accept blame or admit fault, negotiate, or make any offer of settlement. In order for Us to adequately process Your claim, You must send Us as soon as You receive one, every letter, claim, or notification of legal proceedings (such as an Application to the Personal Injuries Assessment Board, a writ, civil bill, civil summons, or criminal prosecution).

The answers You gave are set out in the Statement of Fact provided to You. We have issued this Connect Home Policy to You on the understanding that the information given by You in response to our questions and any related document is true and complete and that We have been given all information as required by those questions. Where You provide information verbally, We will record this in writing and send You a copy. You must answer all of the questions honestly, completely and with reasonable care. We rely on the information You give Us when deciding to insure You and when setting the terms and premium. Where We ask You to answer a specific question, the subject matter of the question is relevant and material to the risk We are underwriting or the calculation of the premium or both. If any of the answers to the questions are not true and complete, We may be entitled to declare the Connect Home Policy void as if it never existed, refuse any claim, treat Your insurance as if it was entered on different terms, or reduce any claim to reflect what was withheld from Us.

If You have answered all our questions completely and honestly and with reasonable care, but if Your answer includes a negligent misrepresentation (that is, not innocent or fraudulent), We are entitled to take the following actions:

- (a) If, being aware of the full facts, We would not have entered the contract on any terms, this Connect Home Policy will be treated as void from the start of the cover, and We will refuse to pay any claims, but return Your premium;
- (b) If, being aware of the full facts, We would have entered the contract on different terms, We will treat this Connect Home Policy as if it had been entered into on those different terms; or
- (c) If, being aware of the full facts, We would have charged a higher premium for the contract, We can reduce any claim value proportionately.

If Your answers to our questions are false or misleading, in any material respect, and You know that they are untrue, false or misleading or consciously disregard if they are untrue, false or misleading (a “fraudulent misrepresentation”) or any of Your conduct involved fraud, this Connect Home Policy will be treated as void from the start. If this happens, You will no longer be covered, We will not pay any claim and We will not return any premiums.

If You are unsure of the information that is required in any answer to a question asked by Us, You must let Us know.

You must inform Us immediately of any material changes to the information You originally provided or if the character of the risk underwritten changes in any material way, for example, that could affect either the premium or Our decision to provide insurance – since the start date of Your Policy or since Your last renewal date (whichever is the most recent).

A material change is one that takes the risk outside that which was within both You and Our reasonable contemplation when this Connect Home Policy was concluded. We may refuse a claim made by You where there has been such a material change and We have not been given the opportunity to agree in writing to cover this changed risk.

2. Your duties

You and any other insured person must at all times:

- a) take all reasonable steps to protect the property and prevent accidents;
- b) maintain Your Home in a good state of repair;
- c) report the loss of any credit card to the issuing company and to the Police or Gardai within 24 hours of discovery;
- d) not admit, deny, negotiate or settle a claim without our written consent;
- e) keep to the terms and conditions of this Connect Home Policy;
- f) not, without our consent, abandon any property to us; and
- g) give Us all the necessary cooperation, help, assistance and information that We may reasonably require.

3. Claims

A series of claims arising from one event or cause will be regarded as a single claim.

Upon learning of any circumstances likely to give rise to a claim You must:

- (a) tell Us as soon as reasonably possible (but immediately if there is riot damage): We may refuse to pay a claim if a delay in notifying Us prejudices our ability to investigate the incident fully or if a delay increases the cost of a claim;
- (b) give Us all the help, assistance and information that We may reasonably require, and co-operate fully with Our investigations of the incident;
- (c) immediately tell the Police or Gardai if loss or damage is caused by stealing, attempted stealing, malicious people, vandals, riot, civil, labour or political disturbance;
- (d) as soon as You receive one, send to Us any letter, claim, or notification of legal proceedings (such as an Application to the Personal Injuries Assessment Board, a writ, civil bill, civil summons, or criminal prosecution) or other communication You receive without replying to it; and
- (e) not proceed with repairs (other than emergency repairs necessary to limit damage) without Our prior approval.

4. Other insurances

If at the time of a claim there is any other policy covering anything insured by this Policy We will be liable only for our proportionate share.

5. Excesses

An Excess is the amount You must first contribute to the cost of any claim before We pay anything. Excess amounts vary by claims type and are described in each section of the policy, or on any Endorsements that apply, or the Schedule. Where any single event results in a claim under more than one section of the Policy, the highest Excess only will apply.

If You tell Us You have an intruder alarm We may discount the premium. If We do and You make a claim for loss by stealing from Your unattended Home and the intruder alarm was not set, the Excess will be €750 if You make an otherwise valid claim for damaged caused or the stolen items. Your Schedule will show if an intruder alarm discount applies.

6. Cancellation

a. Cancellation by You

i. Within the cooling-off period

If You are not satisfied with this policy for any reason You may cancel it by giving Us notice in writing within 14 days after the date when You are informed that this Connect Home Policy has been concluded.

We will refund Your premium, less a proportionate amount for the days that You were insured by Us.

ii. Outside the cooling-off period

You may cancel this Policy at any time by advising Us in writing. If You have not made or incurred any claims during the current Period of Insurance, We will:

1. keep any premium You paid in respect of Section 5 - Emergency Home Assistance;
2. keep a proportionate premium for the period that You were insured by Us, for the remaining Sections and from the balance of premium;
3. deduct an amount of €25;
4. deduct a further transaction fee of up to €50 to be retained by Ornella Underwriting Limited; and
5. refund You the remaining balance of the premium You have paid provided that remaining balance is €25 or more.

b. Cancellation by Us

We may cancel this Connect Home Policy, providing the reason(s) for such cancellation, with 10 days' notice by writing to You at Your last known postal address. We will work out a proportionate premium for the period that You were insured by Us; and refund the balance of the premium You have paid.

7. Our rights

We are entitled to:

- a) take the benefit any of Your legal rights against any other person before or after We have paid a claim;
- b) take over the defence or settlement of a claim against You by another person; and
- c) We have the right to the salvage of any insured property, but We do not have to take it.

8. Premium Credit Agreements

If You have a separate credit agreement with a lender to pay the premium by instalments, any default in payment on the due date will automatically terminate the Policy cover immediately from the date of such default.

9. Stamp Duty

The appropriate Stamp Duty has been or will be paid in accordance with the provisions of Section 113 of The Finance Act 1990.

10. Transaction premiums and fees

If a change to Your Connect Home Policy results in You owing Us an additional premium, We will charge You a minimum of €15. If a change to Your Connect Home Policy results in Us owing You a refund of Your premium (or a proportion of it), We will only make such a refund if the amount due is €25 or more.

Ornella Underwriting Limited may charge and retain a fee of up to €30 for any transaction under this Connect Home Policy, or up to €50 for a cancellation transaction under Condition 6.a.ii – Cancellation by You.

11. Joint Policyholders

Where there is more than one person named as the Insured on the policy and We receive instructions from one of them, We will treat it as though all persons named as the Insured have given Us the same instruction and that all individual policyholders agree and consent to those instructions being given to Us. We will accept the instructions received on face value. It is not Our responsibility to check whether the person who so instructs Us has the permission and consent of the other persons insured.

12. Fraud

We will NOT pay for any loss, damage, or legal liability to others if You or anyone else covered by this Policy (or anyone acting on Your behalf or on behalf of any other person covered by this policy) makes or tries or uses fraudulent or dishonest means to make a claim that is fraudulent or exaggerated in any way, or makes a false statement, or provides false, fabricated or stolen documents to support a claim. If a fraudulent (dishonest) claim is made, We may in our absolute discretion cancel Your policy, We may not refund any premium You have paid to Us, and We may recover from You any payments that We have already made in respect of the fraudulent claim. We will refuse any further claim and recover from You any payments We have already made in respect of such further claims.

13. Under-Insurance (Average)

If You have insured them, You must make sure that the Sums Insured that You specify are enough to pay to fully rebuild Your Buildings including its fixtures and fittings, gates, fences, and Outbuildings and including demolition, removal of waste and professional fees such as for architects and surveyors.

If You have insured them, You must also make sure the Sums Insured for Your Contents and Personal Belongings reflect their current replacement cost as new.

If You have specified a Sum Insured less than the amount required enough to rebuild a Building or replace Contents or Personal Belongings, We may reduce the amount payable in the event of any claim, in the same proportion as the proportion of under-insurance. For example, if Your Buildings are insured for half of what they would cost to rebuild, any claim in respect of Your Buildings will be similarly reduced by half.

14. Holiday Home Conditions

If the Schedule shows that Your Home is a Holiday Home, the following strict conditions 14.a. to 14.c. apply. In this condition "in Residence" means that an Insured Person is staying at Your Home for a temporary period.

14.a Suspension of cover for Money and Valuable Property

If no Insured Person is in Residence in Your holiday Home, cover for Stealing or attempted Stealing is excluded on Money and Valuable Property.

14.b Holiday Home unattended

- (a) All external doors must be secured with mortice deadlocks or deadlocking rim latches;
- (b) All French doors, patio doors and accessible windows are fitted with appropriate security locks and are put into full and effective operation;

14.c Preparing Your Holiday Home for Unoccupancy

1. When no Insured Person is going to be in Residence for more than 15 consecutive days:
 - a) all the measures in 14.b above must be taken;
 - b) regular inspections of Your Holiday Home must be made by You or someone you appoint (such as neighbours, relatives or managing agents) to inspect it; and
 - c) between the 1st of October and the 31st March (inclusive)

2. Provided all the conditions and precautions set out in condition 14.c. are fully complied with, the exclusions of loss or damage occurring while Your Holiday Home is Unoccupied in events 1 to 11 of Section 1 – Buildings, and events 1 to 11 of Section 2 – Contents, will not apply. Exclusions in the Additional Benefits parts of those sections will continue to apply.

15. Special Condition: Untenanted Properties

 - ii. the property must be fitted with an operating thermostatically controlled heating system which maintains a temperature of not less than 5 degrees Celsius or 41 degrees Fahrenheit throughout the Home including the attic.

Provided all the conditions and precautions set out in condition 15 are fully complied with, the exclusion of loss or damage occurring while Your Home is Untenanted or Unoccupied for more than 30 days in events 1 to 10 of Section 1 – Buildings, and events 1 to 10 of Section 2 – Contents, will not apply. Exclusions in the Additional Benefits parts of those sections will continue to apply.

16. Mortgagees

If Your Home is the subject of a mortgage, the interest of the lender (called the mortgagee) will not be adversely affected if You or Your Household or Tenant(s) / guests(s) do or do not do something that increase the risk of loss or damage, provided that

- whatever is done or not done was without the mortgagees' knowledge and authorisation; and
- on becoming aware of any such act or neglect, the mortgagee informed Us immediately and paid any extra premium We may require.

We may pay any claims under this policy jointly to You and a mortgagee or directly to a mortgagee.

17. How claims are dealt with

If You make a claim it will be up to You to prove that an event of loss or damage has happened which may include proving ownership of any property being claimed for.

We may choose how best to settle Your claim. We may arrange for one of Our contractors or suppliers to repair, reinstate or replace Your lost or damaged property, or We may pay You or a mortgage lender a cash amount for the loss or damage. If We make a cash payment, it will be for the amount our contractor or supplier would have charged. We will deduct the appropriate Excesses, and if necessary any amount in accordance with condition 13 under-insurance.

Our advice: Keep photographs, guarantee cards, instruction booklets and a full description of Your valuable items, including serial and model numbers, which will help prove ownership. Keep relevant proof of purchase and evidence of value, as We may ask You for these if You make a claim under this policy.

18. Claim retention

When the settlement amount of Your claim under Section 1 - Buildings is greater than €10,000, We reserve the right to retain an amount from the agreed final payment until works are completed according to the table below. To release this retained amount We may require a final invoice and / or to inspect the works completed or have them inspected by an expert.

If this retained amount remains unclaimed after a period of 5 months from the date of the settlement, and having issued You a reminder, the retained amount will no longer be payable

Agreed final settlement value under Section 1 – Buildings	Percentage of final settlement value retained
€0 to €9,999	0%
€10,000 to €39,999	5%
€40,000 or more	10%

19. Your interest in the insured property

You must have a financial interest in the Premises insured by this policy. You or members of Your Household must have a financial interest in the Contents and personal possessions insured.

D: Inflation

You must choose the Sums Insured that best represent the cost of rebuilding Your Home and of replacing all Your Contents and personal belongings as new. Inflation will increase these costs over time so if You don't periodically review these Sums Insured, You may find that You are no longer adequately covered. We may increase Your Sums Insured at each renewal in line with an index of our choice from the following table to prevent this occurring.

Cover	Indexes
Buildings	The Consumer Price Index Data published by the Society of Chartered Surveyors or Data published by the Department of Environment.
Contents	The Consumer Price Index.

- 1. Please see General Condition 13 above for the consequences of under-insurance.**
- 2. You are still entirely and exclusively responsible for ensuring that any Sums Insured adjusted by this process are adequate to prevent under-insurance. You may still be under-insured even after We have applied an indexing adjustment. It is Your responsibility to make sure that You are not under-insured.**
- 3. Policy limits will not be adjusted.**
- 4. The minimum adjustment will be 0% so no reduction in Sum Insured will result from the application of these measures.**

G: Home Protection Tips

The following tips constitute advice only and do not form part of the policy

Storm

To minimise damage from storms, We suggest the following:

- Mineral felt roofs have a limited life span and are subject to wear and tear and deterioration over time. Check the roof covering at regular intervals and replace the felt where there are signs of deterioration. The policy will not cover any damage to a mineral felt roof over 10 years old unless it is professionally inspected every 5 years, or by any gradual wear and tear. Remember, Your Policy does not cover the maintenance costs involved in repairing or replacing the roof.
- Ensure Your tiles and guttering are secure.
- Check that the gutters and drains are not blocked.
- If a storm is forecast, make sure all gates are bolted. Put any garden furniture, lawnmowers or plant pots in a garden shed and lock it.

Fire Prevention

Every year many people are killed or injured and homes are destroyed as a result of domestic fires. You can reduce the risk of fire by taking the following precautions:

- Do not overload an electrical point. Unplug all appliances when not in use.
- Repair faulty wiring, frayed leads and loose plugs.
- All fires and heaters should have a secure fireguard. Never leave the room without having a guard in front of the fire.
- Chimneys should be swept at least once a year.
- Avoid careless smoking, especially in bedrooms.
- Matches should be kept well away from children.
- Close all internal doors when going to bed.
- Keep heaters away from furniture, curtains and bedclothes.
- Never move or refuel an oil or gas heater while it is lighting.
- Keep all electrical flexes off cooker rings and hobs.
- Be especially careful with chip pans, they should never be left unattended on a lighted cooker.
- You should install at least two smoke detectors in Your house. Smoke detectors should be tested regularly to ensure they are working properly. Change the batteries at least twice a year.
- All Chimneys and/or flues to solid fuel stoves and open fires should be kept in a good state of repair.
- All solid fuel stoves should be installed by a professional, qualified & certified installation company.

Water Damage

There are various weather hazards which You cannot avoid but against which You can protect Your home.

- Lag pipes and water tanks wherever possible.
- Leave the underside of tanks free to ensure rising warmth can reach them.
- Replace washers on dripping taps.

Burglary prevention

Unfortunately, theft has become part of everyday life in many areas. Most thieves are opportunists who commit crimes when they spot an easily entered home. Such opportunities can be removed by fitting and using good quality locks on doors and windows and by installing an approved alarm system.

- All external doors should be fitted with mortice deadlocks (or their equivalent) and You should lock these doors even if You are out for just a short time.
- All patio doors should be fitted with key-operated patio door locks. The keys should be removable.
- All ground floor windows and other accessible windows, fanlights and rooflights should be fitted with security locks and put into full and effective operation.

Escape of Oil

Regardless of the tank age, You should check Your oil tank at least twice a year for signs of cracking and/or failure. Even plastic tanks have a limited life span and degrade in sunlight. Poor installation can also cause cracking.

In the event that defects are discovered, the tank should be immediately replaced to avoid oil escaping. If an escape of oil occurs it may cause damage to the environment which can result in Your property being uninhabitable and You may require temporary accommodation.

If You do have a contamination event please let Us know. Fixing it is a long a difficult process that should only be undertaken professionally by experts We appoint. You may not be covered if You appoint Your own.

Freezing

Water leaking from a burst pipe can be very destructive, so in cold weather be ready.

Any pipes You can see should be wrapping in good quality foam lagging.

Keep Your home warm. Even a 5 degree thermostat setting will keep the air warm enough to prevent freezing. In particularly cold weather open the hatch or trap door into Your attic so that warmer air from Your home can circulate and help prevent freezing of Your water tank and pipework. If You can, insulate the roof rather than the floor of an attic.

Fix any leaky taps. Even a small drip from a tap can freeze and block pipes.

Know where the supply pipe shut off valves are. Many homes have a mains feed valve under the kitchen sink, and the tank supply to the other taps and heating valves in the hot press, If You do get a leak, shut the mains feed valve first as soon as possible to prevent further damage. Next shut the supply from the tank and turn off any central heating valve, and then run every tap and flush every toilet to drain out what is left in the leaky pipe as quickly as possible.

Holidays

- If You have an automatic light switch installed, set it to operate at the times You normally switch the lights on.
- Cancel all deliveries e.g. milk, newspapers etc.
- Ask a neighbour to pop in from time to time to check on the house and to remove post from the letterbox/porch.
- Inform Your local Garda station that You will be away.
- Check that all windows and doors are securely locked.
- Set Your burglar alarm, smoke detectors and other alarm systems - check that the batteries in all alarms are working.
- Avoid mentioning and posting photos of Yourself on holiday on social media – it just advertises that Your house is Unoccupied.

Christmas Safety Tips

- Switch off lights when unattended.
- Inspect for defects: carefully inspect Christmas light strings each year before putting them up.
- Buy accredited lights and decorations: ensure You choose quality over cost.
- Do not use outdoor lights indoors: outdoor lights are insulated specially for that purpose.
- Don't use candles as tree decorations: candles are often used as festive tree decorations which is a very apparent fire risk.

A large, stylized, light green leaf pattern is positioned in the bottom right corner of the page, extending upwards and to the left. The pattern consists of several thick, curved stems with numerous smaller, pointed leaves attached to them, creating a dense, organic texture.
